Englewood Cliffs, NJ – June 25th, 2015

Burkhart Dental to distribute the full range of IDS implants, implant-related products

integrated dental systems (ids) of Englewood Cliffs, NJ, and Burkhart Dental Supply of Tacoma, WA, announced today that Burkhart Dental will distribute the full range of ids tooth replacement products. Included in the offerings: MegaGen AnyRidge Implants, MegaGen AnyOne Implants, Reflect Rapid Implants, Reflect Tapered Screw Implants, Smart Dentin Grinder, AnyWhere Implant Provisional System and Dental Master patient education and case acceptance software.

“We are very excited to have Burkhart Dental as a distribution partner and to provide them a full range of implants and related products to allow us to participate in the largest and fastest-growing dental product market,” said Carey Lyons, ceo of ids. “We are providing extensive educational resources and training for the entire Burkhart sales team as well as a nationwide field team of ids Implant and Surgical Sales Specialists to support their efforts.”

Lyons added, “Our tooth replacement systems offers dentists immediate loading for faster treatment time, as well as systems for all indications that do not require learning new techniques and that are more economical. Hands-on courses and full service from dental supply dealers like Burkhart add benefit to the offerings.”

“We are thrilled to provide our sales associates a complete and feature-rich range of implants and implant-related products from ids,” said Lori Isbell, Burkhart’s president and ceo. “Our team understands the opportunity and has been training with ids and their key opinion leaders to offer innovative tooth replacement solutions to dental professionals to better serve their patients.”

For more information about ids and their complete range of implants visit www.idsimplants.com.

About integrated dental systems (ids)

Integrated dental systems is a privately held company that designs, manufactures and distributes dental implants and implant related products. ids products will be available from dental supply dealers that can provide more extensive support and fulfillment than direct selling manufacturers. Founded in 2013, ids acquired MegaGen brand implants that provide fast, stable and predictable tooth replacement and shorten treatment time. ids has added to its portfolio Reflect Implants that are surgically and prosthetically compatible with leading brands, Dental Master patient education software, AnyWhere universal implant provisional system and the Smart Dentin Grinder to produce bone augmentation material from extracted teeth chairside. For more information visit idsimplants.com or call 866-277-5662.

About Burkhart Dental Supply

Founded by Dr. William Burkhart in 1888 as an adjunct to his dental practice, Burkhart Dental now provides over \$150

million a year in equipment, repair, supplies, practice support and other services to over 5,000 dentists. With more than 400 employees, Burkhart is not a small company, yet it continues to provide the attention and service of a private, family-owned business.

Burkhart is distinguished by its values, ethics and people. The organization is driven by a passionate belief in win-win relationships. All Burkhart associates are asked to focus on three things: Acting with the integrity that earns client trust; being a knowledgeable resource; and always working in clients' best interest to help them succeed. Throughout its history, Burkhart has continued to thrive, even as other supply companies have come and gone, because of the belief that great service is timeless.
